Summary

I began my professional career right out of high school in technical support and development as a Macromedia User Group then later worked for Adobe and FreeBSD volunteer and contributor. At the same time pursuing my associates and bachelors in computer science .I graduated summa cum laude from Tenn. Tech and a UVa alumni. I was also a web developer for the UVa-Wise Magazine. And Vice President of the ACM Wise Chapter . My complete discography is available on Bandcamp. I'm a BMI writer and publisher. I went to #1 in Ambient on Reverbnation in 2019. And developed some small VST's and Rack Extensions for Reason Studios. I recently became a Microsoft Visual Studio industry partner. I'm in the Virginia and National Associations for the Gifted since 2011 And IEEE Computer Society also a member of the Mensa High IQ society on LinkedIn I also have been a Microsoft MVP. I am wanting to pursue gifted studies at the University of Connecticut maybe. I scored a 140 on the Mensa mobile app. . I'm an INTJ- T top 2 percent of the global population. I'm Irish, German, Ashkenazi Jewish, Mediterranean (Tuscany) and Southwest Asian primate haplogroup's H3G1 and RZ-9.

(R-Z9) H3G1 has a lot of protective alleles. Rare in Eastern Europe and haplogroup mtDNA R is Ashkenazi Jewish but Irish Jewish. and 1.6% Neanderthal And 2.6% Denisovan. Below the National Average of 2.4% .

Moral, Loyal, Educated, Computer Science, Music, and Reading, I am a Moore #1 Irish/British pedigree. and Heritage activist. Microsoft Partner and in Adobe contract. Royal Society of the Arts Fellow. I don't believe in making a persons heritage extinct only forward and extant. And vote Libertarian or Green. I frequently read Burke's Peerage. Finally was awarded my title of nobility from the UK. And I also know society is zero sum and will only go to fairs. I received straight A's in computer science in college at Tenn Tech and a 3.0 at UVa.

I also helped win two Nobel Prizes one for the Higgs Boson and one for Gravitational Waves through BOINC.

I make a sustainable intangible income through copyrights and through cost basis valuation with COCOMO II engineering models.

My National Genographic were done my Roche and Illumina
